

The text "A New Phase" is centered on a light blue background with a green-to-blue gradient. The letter "A" is a bright cyan color, while "New Phase" is in a dark blue. Several small geometric shapes are scattered around the text: a cyan triangle to the left of the "A", a small dark blue triangle above the "A", a small cyan triangle above the "N", a small dark blue triangle above the "P", a small cyan triangle to the right of the "P", a small dark blue triangle below the "P", a small cyan triangle below the "P", and a large cyan arrow pointing right from the end of the word "Phase".

A New Phase

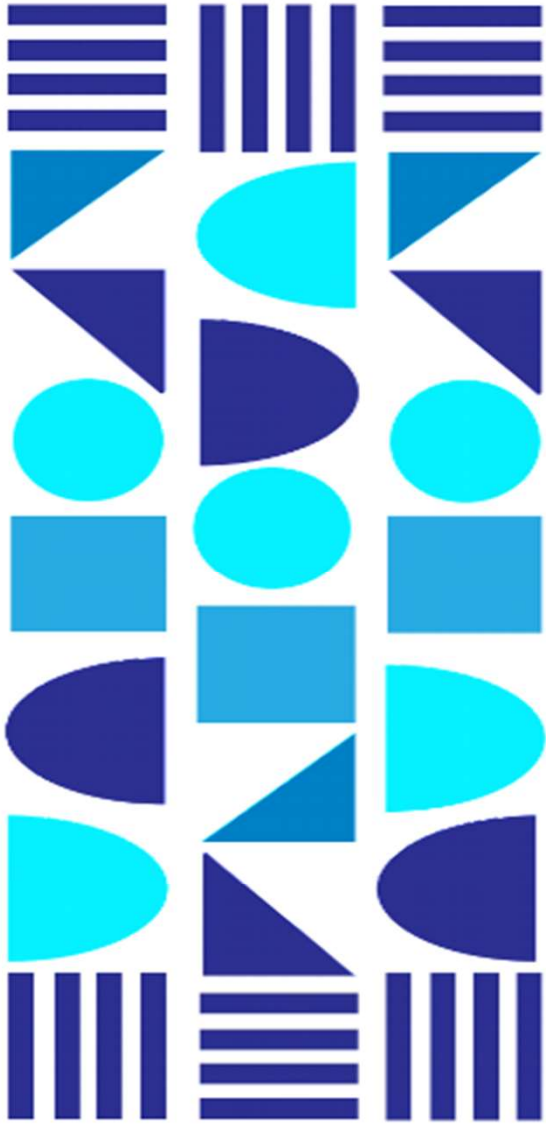

About The Community

RUNTECHSPACE is a community where students are provided the opportunity to learn and gain real life experience in the technology world and also giving them the opportunity to meet and interact with industry leaders from around the world.

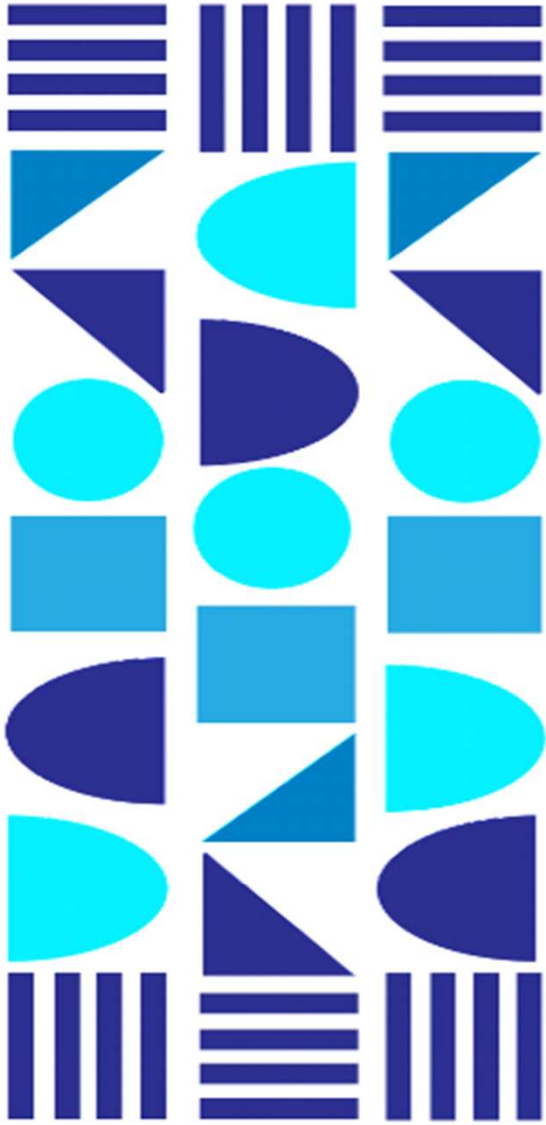

The community is also responsible for training students in various aspects of tech such as Front-end development, Backend development , Artificial Intelligence, UI/UX, Cybersecurity and more recently, Data Science.

Our Goal

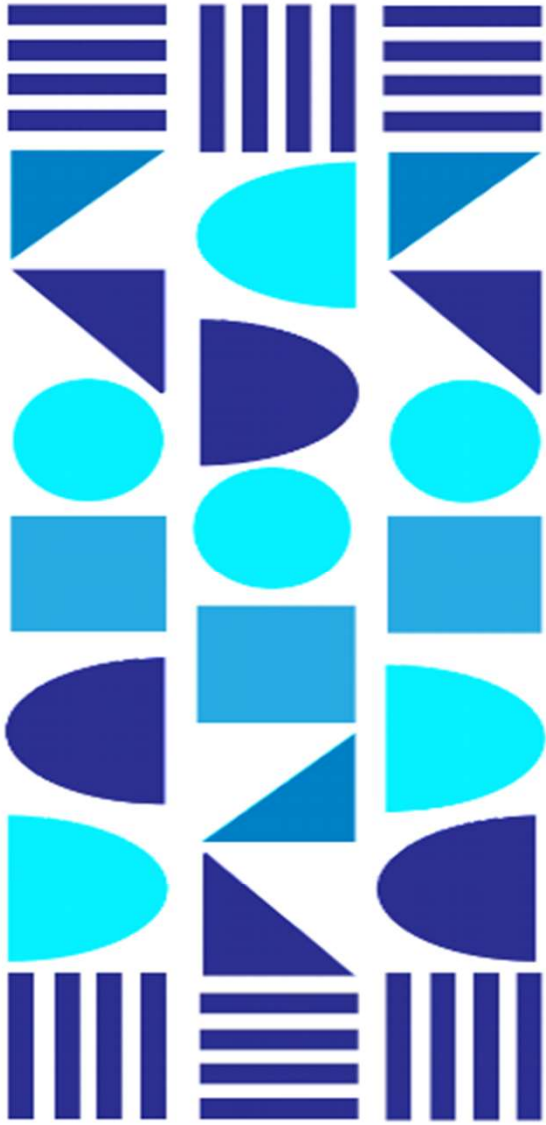

- Aim on creating a collaborative environment where students learn and have ideas.
- Ensuring that all students take part in having a digital skill bridging the digital code.
- Implementing technology solutions to address environmental challenges.
- Using tech platforms to increase students engagements and challenges in the tech world.

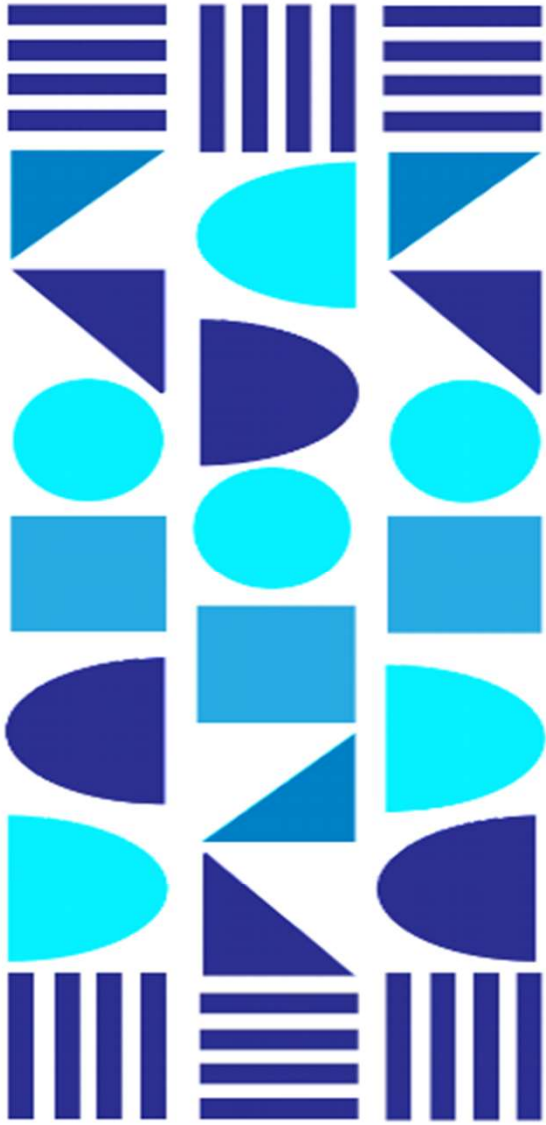

HOW WE STARTED

RUNTECHSPACE started in 2021.
We started as a mini tutorial space, for
developers who needed help with
solutions to problems they faced during
development. It was a place where people
could come to discuss about issues with
tech and also gain insights to new trends.

OUR VISION

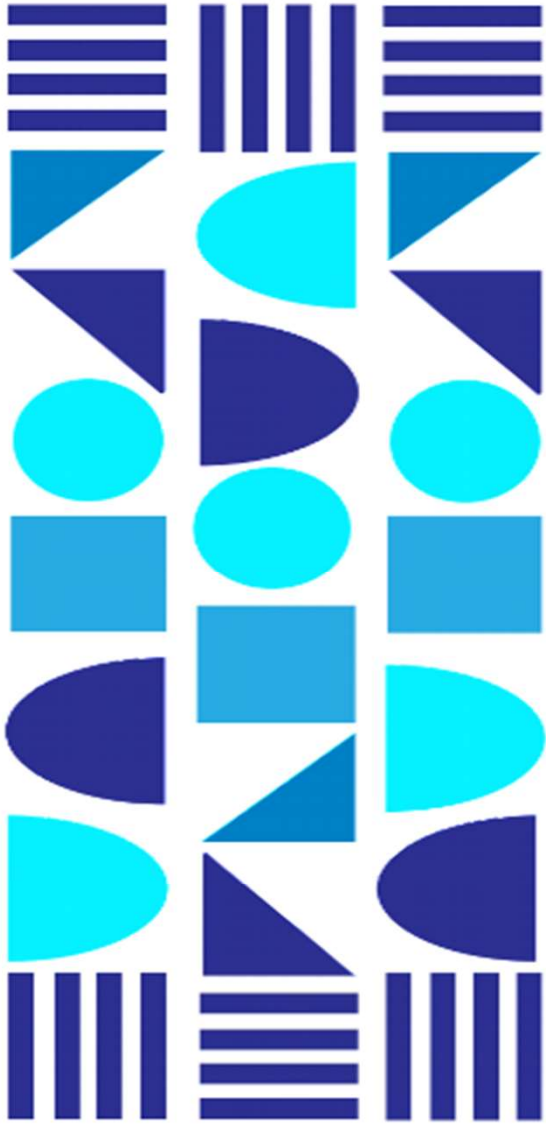

We are the:

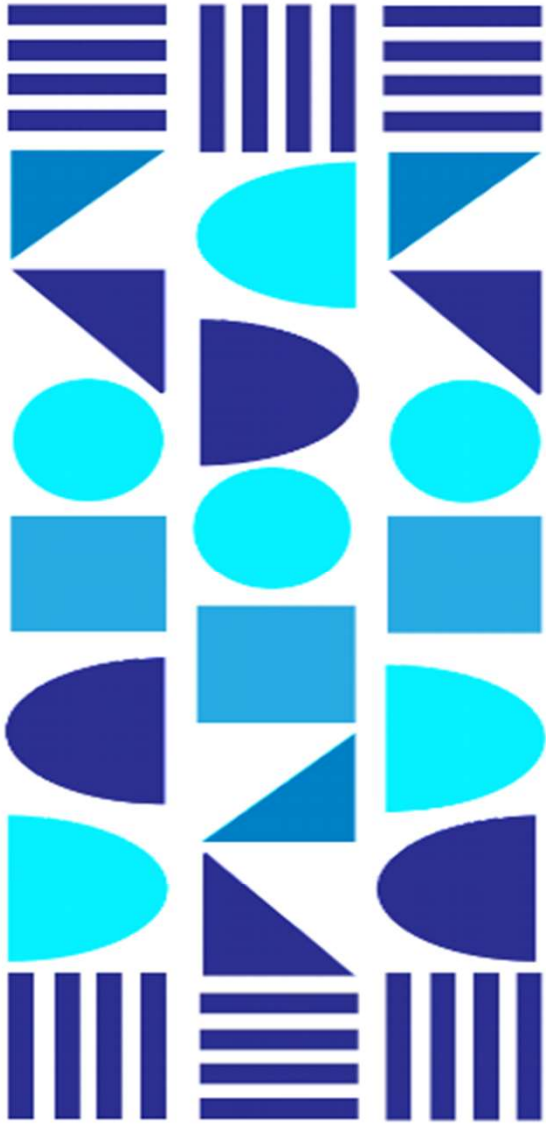

- The leading hub for innovation and growth in Redeemer's University.
- A source of empowerment for tech enthusiasts.

Driven by Creativity & Innovation

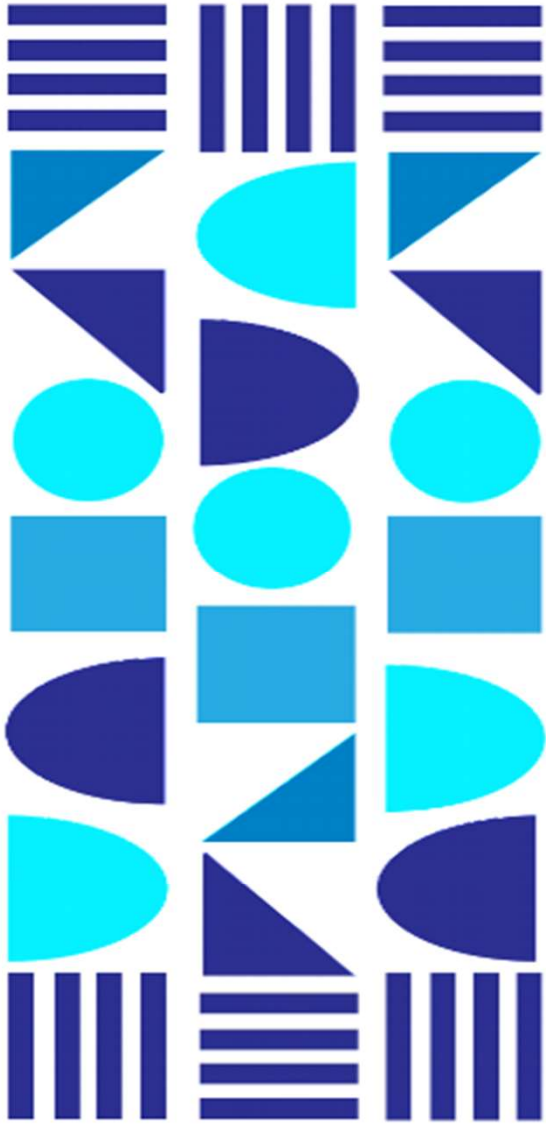

OUR EVENTS

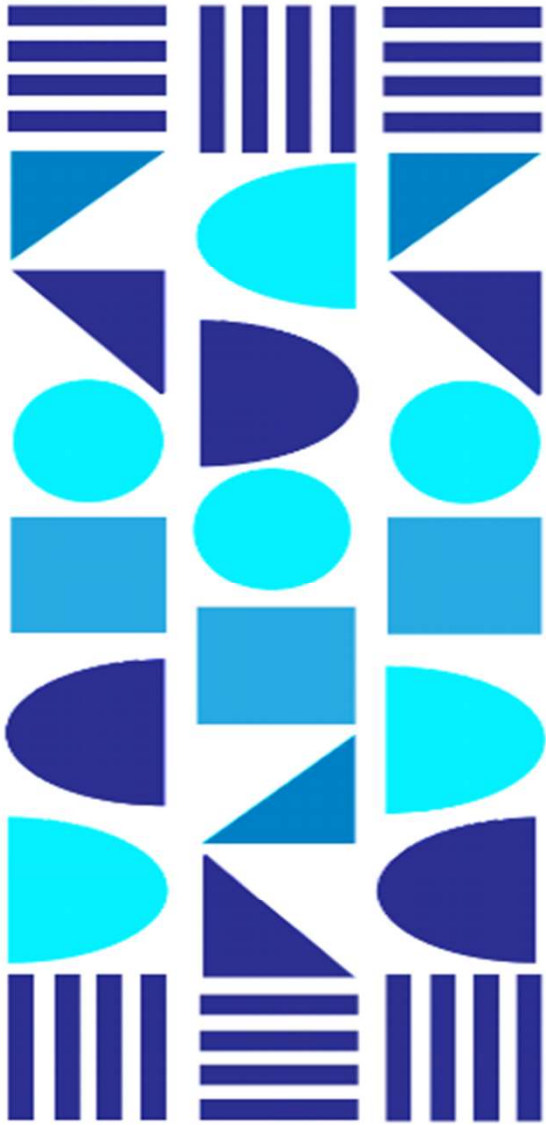

We have had several events during the past years. Some of which includes:

- Annual Tech Fest
- Microsoft Bootcamp
- Expectations in the financial market
- Inauguration Ceremony of the past executives
- Community Members Hangout

Our Past and Current Partners and Sponsors

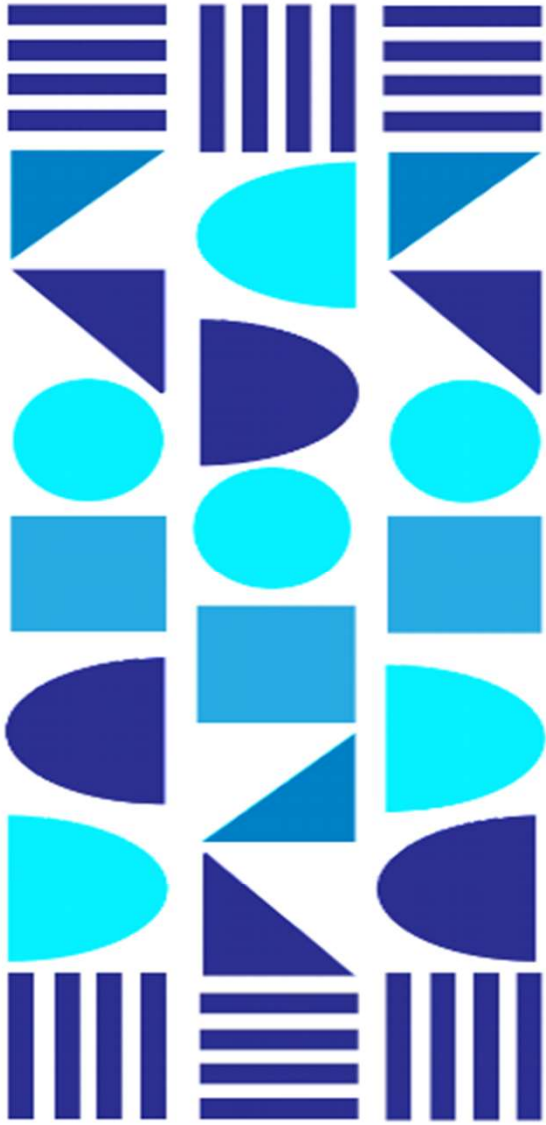

- Redeemer's University
- Redeemer's University Alumni Association
- DALINK'S Nigeria
- Microsoft
- Hoshitech
- Ibloov
- Gold Elite Deals
- Oracle
- Canza Finance
- Kibo School Of Technology
- Design Pub

Upcoming Community Project

- Redeemer's University Community Mobile App
Social application for Redeemers University community.
